Upgrades

v5.1.1321 is a free upgrade to all current registered users
(if your existing key is for v4.2 or earlier, you will need a **new registration key**)

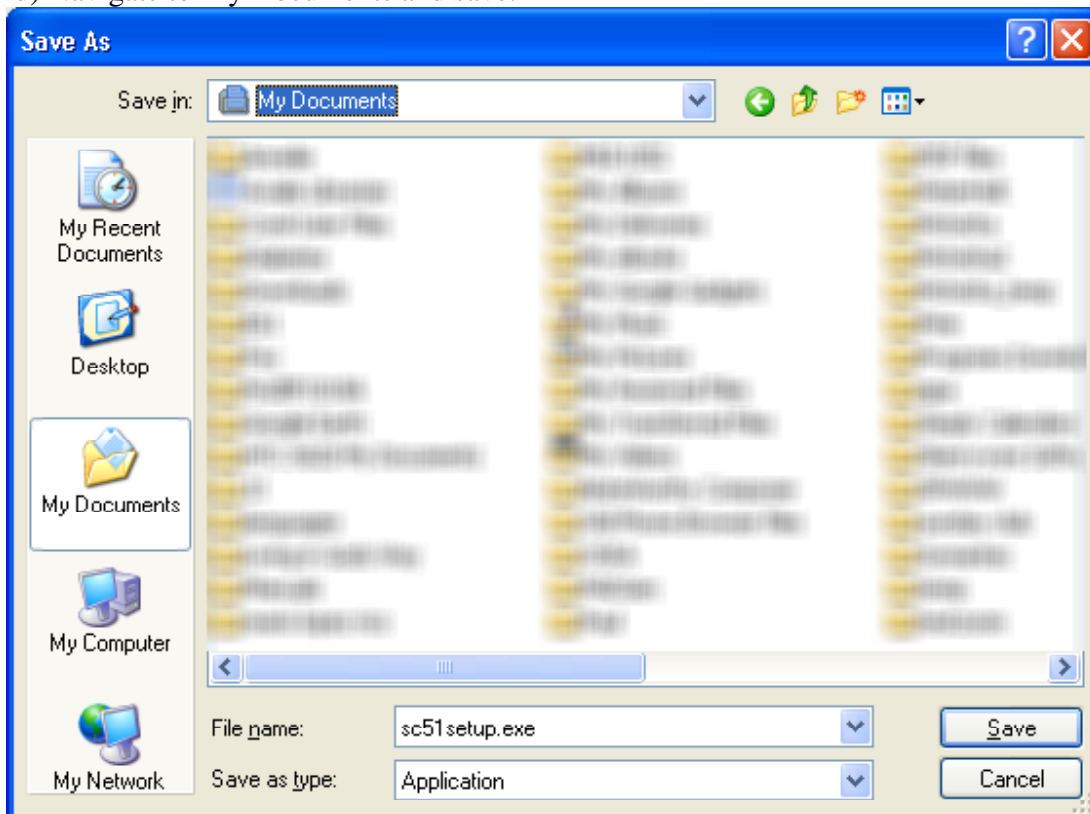

Windows 2000

c) At "Do you want to open or save this file?" dialog, choose to *Save"

(If you do not get a "Do you want to open or save this file?" dialog, try right clicking top "Download EXE" and choose "Save Target As ...")

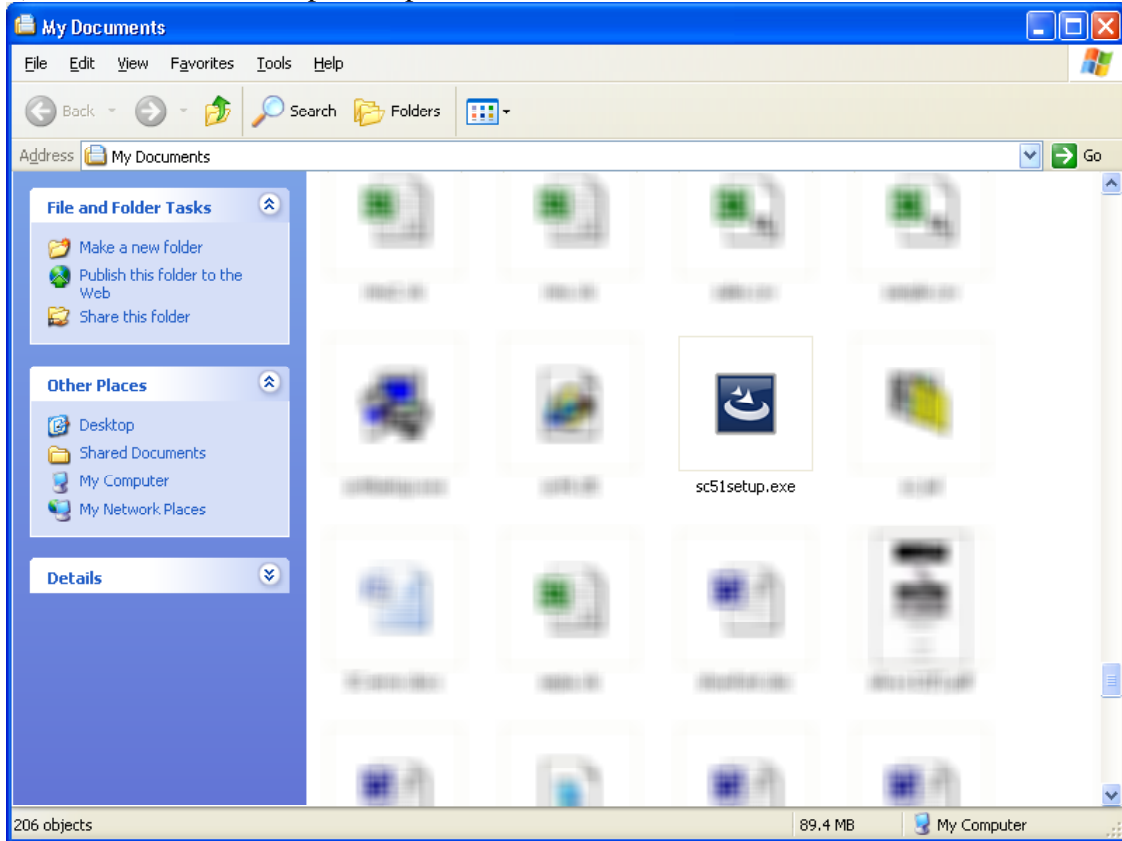

d) Navigate to My Documents and save.

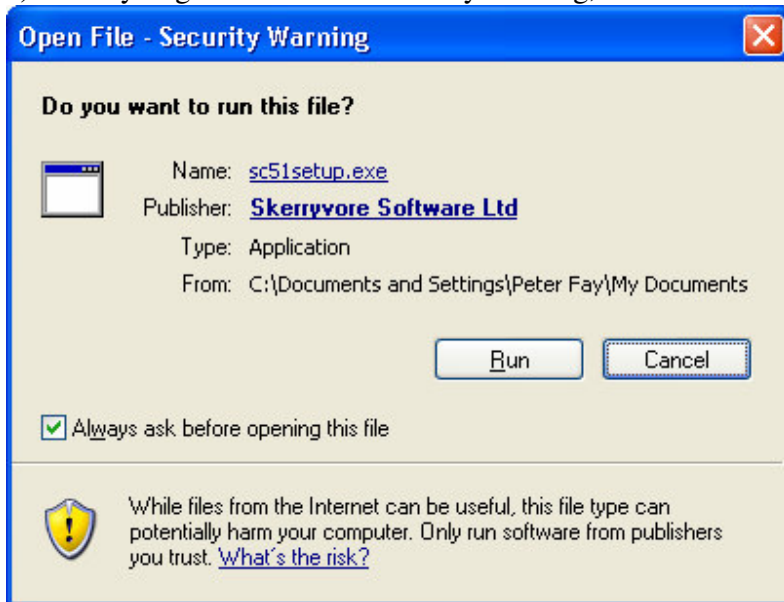

2. Install Simply Calenders

a) Open My Documents

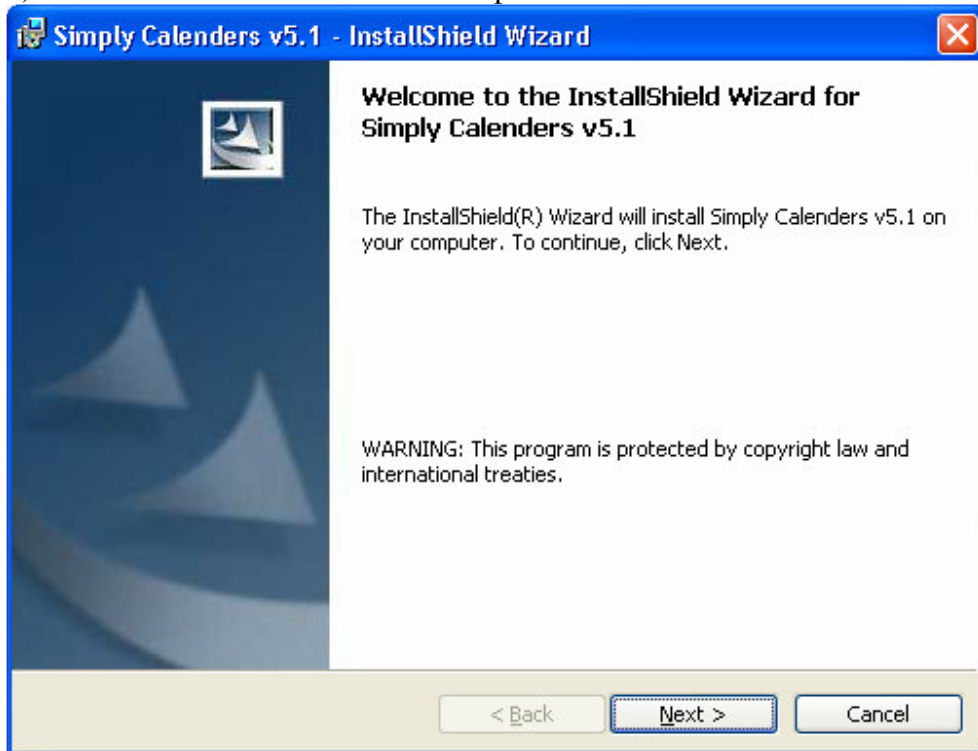

b) double click sc51setup.exe.zip

c) When you get the standard security warning, click Run to continue

d) follow on screen instructions to complete installation.

3. Register Simply Calenders

a) Open Simply Calenders from Start menu

b) You will then get a registration screen which will allow you to enter your registration key and user name.

(If you have already entered a temporary key, then you can still enter your permanent key by opening Simply Calenders and clicking Registration Key on Edit menu.)
